## Computing

Year Group	Autumn Term	Spring Term	Summer Term
One	<p><b><u>Unit 1: Online Safety</u></b> <a href="#">Link</a></p> <p><b><u>Self Image and identity</u></b></p> <ul style="list-style-type: none"><li>• I can recognise that there may be people online who could make me feel sad embarrassed or upset</li><li>• If something happens that makes me feel sad, worried or frightened I can give examples of when and how to speak to an adult I trust.</li></ul> <p><b><u>Online relationships</u></b></p> <ul style="list-style-type: none"><li>• I can use the internet with adult support to communicate with people I know</li><li>• I can explain why it is important to be kind and considerate to people online.</li></ul> <p><b><u>Health, Well-being and Lifestyle</u></b></p> <ul style="list-style-type: none"><li>• I can explain rules to keep us safe when we are using technology both in and beyond the home.</li><li>• I can give examples of some of these rules</li></ul> <p><b><u>Privacy and Security</u></b></p>	<p><b><u>Unit 3: Coding</u></b> <a href="#">Link</a></p> <p><b><u>Bee Bots</u></b></p> <p>Children learn how to construct algorithms through programming Bee-Bots with instructions to meet a specific goal.</p>	<p><b><u>Unit 5: ICT</u></b> <a href="#">Link</a></p> <p><b><u>Digital Writing</u></b></p> <p>During this unit, learners will develop their understanding of the various aspects of using a computer to create and manipulate text. Learners will become more familiar with using a keyboard and mouse to enter and remove text. Learners will also consider how to change the look of their text, and will be able to justify their reasoning in making these changes. Finally, learners will consider the differences between using a computer to create text, and writing text on paper. They will be able to explain which method they prefer and explain their reasoning for choosing this.</p>

Computing

	<ul style="list-style-type: none"> <li>I can recognise more detailed examples of information that is personal to me</li> </ul>		
	I can explain why I should always ask a trusted adult before I share any information about myself online.

	<p style="text-align: center;"><u>Unit 2: ICT</u> <a href="#">Link</a></p> <p><u>Technology around us</u></p>	<p style="text-align: center;"><u>Unit 4: ICT</u> <a href="#">Link</a></p> <p><u>Digital Painting</u></p>	<p style="text-align: center;"><u>Unit 6: Coding</u> <a href="#">Link</a></p> <p><u>Scratch Jr</u> During this unit the children will begin to explore the program: Scratch jr. The children will be working on the following:</p> <ul style="list-style-type: none"> <li>• Writing an algorithm</li> <li>• Adding sprites</li> <li>• Making sprites move</li> <li>• Changing backgrounds</li> <li>• Making their program repeat</li> </ul>
	In this unit, learners will develop their understanding of technology and how it can help us. They will start to become familiar with the different components of a computer by developing their keyboard and mouse skills. Learners will also consider how to use technology responsibly.	During this unit, learners develop their understanding of a range of tools used for digital painting. They then use these tools to create their own digital paintings, while gaining inspiration from a range of artists' work. The unit concludes with learners considering their preferences when painting with and without the use of digital devices.

## Computing

### Unit 2: ICT

[Link](#)

#### The Internet

During this unit learners will apply their knowledge and understanding of networks, to appreciate the internet as a network of networks which need to be kept secure. They will learn that the World Wide Web is part of the internet, and be given opportunities to explore the World Wide Web for themselves to learn about who owns content and what they can access, add, and create. Finally they will evaluate online content to decide how honest, accurate, or reliable it is, and understand the consequences of false information.

### Unit 4: Coding

[Link](#)

#### Boat Race

During this unit the children will be using the software: Scratch. They will be familiar with the program from previous work and will continue to build their coding skills on the software.

In this unit the children will:

- Trace code and understand what it does
- Use repetition and selection
- Use a variable to create a times
- Introduce challenge to the game

Add extra functionality to the game.

### Unit 6: ICT

[Link](#)

#### Photo Editing

In this unit, learners will develop their understanding of how digital images can be changed and edited, and how they can then be resaved and reused. They will consider the impact that editing images can have, and evaluate the effectiveness of their choices.

Five	<p style="text-align: center;"><b><u>Unit 1: Online Safety</u></b> <a href="#">Link</a></p> <p><b><u>Self-Image and Identity</u></b></p> <ul style="list-style-type: none"><li>• I can explain how identity online can be copied, modified or altered.</li><li>• I can demonstrate responsible choices about my online identity depending on context.</li></ul> <p><b><u>Online relationships</u></b></p> <ul style="list-style-type: none"><li>• I can explain that there are some people I communicate with online who may want to do me or my friends harm. I can recognise that this is not my/ our fault.</li><li>• I can make positive contributions and be part of online communities.</li><li>• I can describe some of the communities in which I am involved and describe how I collaborate with others positively.</li></ul> <p><b><u>Health, Well-being and Lifestyle</u></b></p> <ul style="list-style-type: none"><li>• I can describe ways technology can affect healthy sleep and can describe some of the issues.</li><li>• I can describe some strategies, tips or advice to promote healthy sleep with regards to technology</li></ul> <p><b><u>Privacy and Security</u></b></p> <ul style="list-style-type: none"><li>• I can create and use strong and secure passwords.</li><li>• I can explain how many free apps or services may read and share my private information.</li></ul>	<p style="text-align: center;"><b><u>Unit 3: Coding</u></b> <a href="#">Link</a></p> <p><b><u>Space Junk</u></b></p> <p>During this unit the children will be using the software: Scratch. They will be familiar with the program from previous work and will continue to build their coding skills on the software.</p> <p>In this unit the children will:</p> <ul style="list-style-type: none"><li>• Discuss how a game works</li><li>• Control a sprite using input</li><li>• Use collision detection</li><li>• Add a timer to the game</li><li>• Add 2 player functionality.</li></ul>	<p style="text-align: center;"><b><u>Unit 5: ICT</u></b> <a href="#">Link</a></p> <p><b><u>Vector Drawing</u></b></p> <p>In this unit learners will find out that vector images are made up of shapes. They will learn how to use the different drawing tools and how images are created in layers. They will explore the ways in which images can be grouped and duplicated to support them in creating more complex pieces of work. This unit is planned using the Google Drawings app other alternative pieces of software are available.</p>

# Whale Hill Primary School 2020-2021 Subject Overview

## Computing

	I can explain how and why some apps may request or take payment for additional content and explain why I should seek permission from a trusted adult before purchasing.		
Resources		Scratch	Google Drawing/Publisher
Location	Classroom	ICT Suite	ICT Suite

# Whale Hill Primary School 2020-2021 Subject Overview

## Computing

### Unit 2: ICT

[Link](#)

#### Sharing Information

In this unit, learners will develop their understanding of computer systems and how information is transferred between systems and devices. Learners will consider small-scale systems as well as large-scale systems. They will explain the input, output, and process aspects of a variety of different real-world systems. Learners will also take part in a collaborative online project with other class members and develop their skills in working together online.

### Unit 4: Coding

[Link](#)

#### Dots game

During this unit the children will be using the software: Scratch. They will be familiar with the program from previous work and will continue to build their coding skills on the software.

In this unit the children will:

- Create a sprite
- Clone a sprite
- Add difficulty to a game
- Add a high score to a game
- Make the game more enjoyable

Add an interface to a game.

### Unit 6: ICT

[Link](#)

#### Video Editing

This unit gives learners the opportunity to learn how to create short videos in groups. As they progress through this unit, they will be exposed to topic-based language and develop the skills of capturing, editing, and manipulating video. Active learning is encouraged through guided questions and by working in small groups to investigate the use of devices and software. Learners are guided with step-by-step support to take their idea from conception to completion. At the teacher's discretion, the use of green screen can be incorporated into this unit. At the conclusion of the unit, learners have the opportunity to reflect on and assess their progress in creating a video.

## Computing

### Unit 2: ICT

[Link](#)

#### Communication

In this unit, the class will learn about the World Wide Web as a communication tool. First, they will learn how we find information on the World Wide Web, through learning how search engines work (including how they select and rank results) and what influences searching, and through comparing different search engines. They will then investigate different methods of communication, before focusing on internet-based communication. Finally, they will evaluate which methods of internet communication to use for particular purposes.

### Unit 4: Coding

[Link](#)

#### Memory Game

During this unit the children will be using the software: Scratch. They will be familiar with the program from previous work and will continue to build their coding skills on the software.

In this unit the children will:

- Plan an interactive game
- Create a list
- Add items to a list
- Use broadcast as a notification
- Create and use a variable to track scores

Create and use a variable to track high scores

### Unit 6: Coding

[Link](#)

#### Project

Children will be given the freedom to complete a project of their choice. They may choose from the options on the webpage link or they may choose to build something from scratch using what they have learnt in previous years.
