

# **Whale Hill Primary School**

# **Accessibility Plan**

**2023-2026**

### **Purpose**

This plan shows how Whale Hill Primary School intends, over time, to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors.

### **Definition of disability**

A person has a disability if he/she has a physical or mental impairment that has a substantial and long-term adverse effect on his/her ability to carry out normal day-to-day activities.

### **Current Range of known disabilities**

The school has children with a range of disabilities, which include: severe, moderate and specific learning disabilities, neuro-diverse conditions such as ADHD and ASD and complex medical conditions. When children enter school with specific disabilities, the school contacts the LA professionals for assessments, support and guidance for the school and parents.

We have some children who have asthma and all staff are aware of these children. Inhalers are kept in the classrooms and a record of use is noted. Some children have allergies or food intolerances and these are included in the 'children with medical needs' details in classrooms and the main office.

All medical information is collated and available to staff.

We have competent First Aiders who hold current First Aid certificates and staff trained in paediatric first aid.

### **Contextual Information**

The whole of the school building and playgrounds are accessible for wheelchair users. The playground is fully suitable and accessible for all pupils.

A designated disabled parking space is available close to the school's main entrance.

A disabled toilet facility is available and school uses specialist facilities to meet toileting needs as and when required.

Personal evacuation plans are written for individual pupils when required.

All prescribed medication is kept in a locked fridge in the reception area with Miss McGee. Administration of Medicines consent forms are filled in by parents outlining the illness and amount and time of medication. All medication that is given is recorded and administered by a trained member of staff.

**Please see the Supporting Pupils with Medical Conditions Policy for more information.**

Objective	Strategies	Outcome	Timeframe
<b>Equality and Inclusion</b>			
<b>Improve staff awareness of disability issues.</b>	Review staff training needs. Provide training for members of the school community as appropriate.	Whole school community aware of issues.	Ongoing
